

**INTERNATIONAL MEETING ON PLASTIC SURGERY,
AESTHETICS & CONTEMPORARY TRENDS**

SEPTEMBER 25TH & 26TH, 2025

CASCAIS, PORTUGAL

SCIENTIFIC PROGRAM

September 25th, 2025

Scientific Program Emcee: **Dr. Thiago Cavalcanti**

07:00
10:30 **REGISTRATION & BADGE COLLECTION**

08:45
09:15 **KEYNOTE LECTURE – OPENING SESSION**

Gabriel Robert 
CEO SILIMED

09:15
12:20 **SIMPLE BREAST AUGMENTATION**

09:15
09:30 **Why Do We Continue Using Microtextured Breast Implants? A Choice Based on Scientific Evidence.**

Dr. Fabio Busnardo 

09:30
09:45 **Polyurethane and Its Applications: Lessons from 35 Years of Practice.**

Dra. Gisela Pontes 

09:45
10:00 **Anatomic Implants: What You Need to Know.**

Dr. Guilherme Bersou 

10:00
10:10 **Moderation**

Dr. Sukru Yazar 

10:10
10:30 **Coffee Break**

10:30
10:45 **Split Muscle for Shaped Polyurethane Implants: Technical Pearls and Clinical Outcomes.**

Dr. Marcelo Oliven 

10:45
11:00 **Fast Recovery Breast Augmentation.**

Dr. Thiago Cavalcanti 

11:00
11:15 **Submuscular Periareolar Approach with Minimal Scarring for Different Types of Nanotextured and Microtextured Implant.**

Dr. Julio Puig 

11:15 11:25	Moderation	Dr. Claudio Bernardi 
11:25 11:40	The Importance of the Areolar Smooth Muscle in Augmentation Mastoplasty.	Dr. Guillermo Vázquez 
11:40 11:55	Fast-Track Surgery: Insights on Soft Plus Implant Recovery.	Dr. Ivan Olomudzski 
11:55 12:10	From Incision to Outcome: Optimized Surgical Technique with Polyurethane.	Dr. Manuel Peralta 
12:10 12:20	Moderation	Dr. Juan E. Sierra 
12:20 13:35	Lunch	

13:35
17:35

MASTOPEXY

13:35 13:50	Mastopexy with Conical or Round Implants – Is There a Difference?	Dra. Bárbara Machado 
13:50 14:05	Secondary Mastopexy - The HCBra.	Dr. Carlos Manfrim 
14:05 14:20	B2Abs – A Technique to Raise the Footprint and Improve the Harmony and Upper Pole Fullness with Smaller Implants.	Dr. Laercio Moreto 
14:20 14:30	Moderation	Dr. Rajat Gupta 
14:30 14:45	Implant Support in Mastopexy: Avoiding Reoperations.	Dr. Marcelo Ono 

14:45 15:00	Safe Augmentation Mastopexy with Short Scar: Principles.	Dr. Marcus Hubaide 🇧🇷
15:00 15:15	Mastopexy with Implant – Why Supramuscular?	Dr. Osvaldo Saldanha 🇧🇷
15:15 15:25	Moderation	Dr. Jordi Riba 🇪🇸
15:25 15:40	Prospective Clinical Study: Use of Conical Implats in the Correction of Tuberous Breast.	Dr. Antonio González-Nicolás 🇪🇸
15:40 15:55	Flower Augmentation Mastopexy with Scaffold: How to Achieve Predictable Results in One Stage.	Dr. Giovanni Bistoni 🇮🇹
15:55 16:10	Systematization of the L-Shape Advanced Mammoplasty.	Dr. Kreisky Rebaza 🇮🇹
16:10 16:20	Moderation	Dr. Jose Luis Vila Moriente 🇪🇸
16:20 16:40	Coffee Break	
16:40 16:55	Tuberous Breast: New Concepts with Implants and Lipofilling.	Dra. Isabel de Benito 🇪🇸
16:55 17:10	Hybrid Approach in Round Implant Breast Augmentation.	Dr. Ernesto Maria Buccheri 🇮🇹
17:10 17:25	My Introduction to Soft Plus: Expert Perspective.	Dr. Demetris Stavrou 🇬🇷
17:25 17:35	Moderation	Dr. Visnu Lohsiriwat 🇹🇭
17:35	End of Program	

SILIMED'S IMPACT

SCIENTIFIC PROGRAM

September 26th, 2025

Scientific Program Emcee: **Dra. Bárbara Machado**

08:00
09:50

INNOVATIONS

08:00
08:15

FrontXrib Technique after Breast Surgery.

Dr. Raúl Manzaneda 

08:15
08:30

Soft Plus: A Step Forward in Breast Implant Technology.

Dr. Raul Gonzalez 

08:30
08:45

Soft Plus Implant: A Comprehensive Perspective from Clinical Experience to Pre- and Postoperative Ultrasound Evaluation.

Dr. Rachid Gorron 

08:45
08:55

Moderation

Dr. Dario Lautaro Suarez 

08:55
09:10

How to Downsize Implants Without a Mastopexy.

Dr. Abel de La Peña 

09:10
09:25

Using Soft Plus in Secondary Breast Surgery to Solve Complications.

Dra. Marzia Moio 

09:25
09:40

The Use of an Inflatable Mold for Breast Augmentation Planning.

Dr. Henrique Cintra 

09:40
09:50

Moderation

Dr. Roberto Bracaglia 

09:50
10:45

COMPLEX CASES

09:50
10:05

Solving Complex Cases with Submuscular Polyurethane Implants.

Dr. Adriano Peduti 

10:05
10:20

Problems at the IMF: Double Bubble Deformity and Inferior Displacement.

Dr. Gianluca Campiglio 

10:20
10:35

Why I Prefer Polyurethane Implants for Implant Replacement Procedures.

Dr. Valerio Badiali 

10:35 10:45	Moderation	Dr. Garrick Georgeu 
----------------	-------------------	---

10:45 11:15	Coffee Break	
----------------	--------------	--

11:15 12:10	TIPS AND TRICKS	
----------------	------------------------	--

11:15 11:30	Mastering Submuscular Breast Implant Stabilization: Lateral, Superomedial, and Inferior Approaches for Long-Lasting Results.	Dr. Eduardo Ferro 
----------------	---	--

11:30 11:45	Secondary Mastopexy – Implant Exchange and Plane Change: A Simple Tactic for Challenging Cases.	Dr. Henrique Freitas 
----------------	--	--

11:45 12:00	Dermal Matrix in Breast Surgery.	Dr. Rodrigo Jorrat 
----------------	---	--

12:00 12:10	Moderation	Dr. Demetris Stavrou 
----------------	-------------------	--

12:10 13:05	BREAST RECONSTRUCTION	
----------------	------------------------------	--

12:10 12:25	Breast Reconstruction with Polyurethane Implants – Immediate or After Expansion.	Dr. Celso Boechat 
----------------	---	---

12:25 12:40	Anatomic Implants: Why Use Them in Breast Reconstruction.	Dra. Erika Chacon 
----------------	--	---

12:40 12:55	Shaping the Future: 3D Applications in Preoperative Breast Reconstruction Planning.	Dr. Chatchai Pruksapong 
----------------	--	---

12:55 13:05	Moderation	Dr. Naveen Cavale 
----------------	-------------------	---

13:05 13:35	Program Conclusion	
----------------	---------------------------	--

13:35 14:35	Lunch	
----------------	-------	--

SILIMED
